PROTEST WITHDRAWN OCTOBER 31, 1925.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions: This permit is issued subject to all prior rights on the
 source and particularly subject to such vested rights as may later be
 proven to be held by the Round Mountain Mining Co. for irrigation on the
 Crowell Ranch. It is understood that the 2 cubic feet of water per second
 herein granted is only a temporary allowance and that the final water right
 obtained under this permit will be dependent upon the amount of water
 actually placed to a beneficial use. A suitable measuring device must be
 installed and accurate measurements of the water placed to a beneficial use
 must be included in the proof of such use when filed. The State reserves
 the right to regulate the use of the water herein granted at any and all
 times. It is distinctly understood that applicant agrees to the terms
 herein contained. The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 2
 cubic feet per second.

Actual construction work shall begin on or before May 7, 1926

Proof of commencement of work shall be filed before June 7, 1926.

Work must be prosecuted with reasonable diligence and be completed on or
 before May 7, 1929

Proof of completion of work shall be filed before June 7, 1929

Application of water to beneficial use shall be made on or before

October 7, 1930. Proof of the application of water to beneficial

use must be filed with State Engineer on or before November 7, 1930
